

Build your own... RACING CAR KIT

Instructions (makes 2 cars):

1. Cut out everything from this paper
2. Stick wheels and steering wheels onto card (cut to same size)
3. Wrap loo roll tube in coloured paper glueing all the way round
4. Cut 3 sides of rectangle on top of the car, long sides along the length of the car, slightly off centre
5. Fold the cut part in half and push back to make seat
6. Assemble all the other parts of the car

You will need...

- Scissors
- Glue
- 2x loo roll tubes
- Coloured Paper
- Card
